

HOME & CONTENTS INSURANCE AT A GLANCE

What is Home & Contents Insurance?

Home insurance can protect you from financial risk if your home is damaged or destroyed, and can also cover your home's contents if they are damaged, lost or stolen. You can take out cover for specific listed events only or for wider accidental damage cover, depending on your needs.

Why do I need it?

If your home and its contents were damaged or destroyed in a natural disaster or accident, or all your valuables were stolen, could you afford to replace them?

If not, Steadfast Direct Home Insurance can help.

Home and contents insurance can even protect you against legal liability if someone is injured or killed on your property.

"Residential property worth up to \$63 billion is at risk (from climate change) – and we believe this is likely to be an underestimate."

Steadfast Direct Home Insurance can provide you with extensive protection if your home suffers loss or damage – with a number of additional benefits included automatically. You have a choice of options, with different levels of cover and inclusions available.

The exact cover you can receive depends on the policy that you take out. But to give you an idea, here are some of the benefits a Steadfast Direct Home Insurance policy may include:

Potential benefits

- A safeguard of up to 30% extra of your total sum insured, so you can feel confident you won't be caught short if you have to rebuild (Does not apply to Base Listed Events Policy)
- Automatic cover for flood and cover for fire or explosion
- Cover for earthquake, tsunami, lightning strikes, storm, rainwater, hail and wind and water damage from certain leakages
- Cover for burglary or theft, caused by a forced break-in* and vandalism or malicious damage
- Liability cover of up to \$30 million for injury or loss of life to a third party, or loss of a third party's property on a building you occupy or own

- Environmental upgrade cover – up to \$5,000, and extra costs of rebuilding to meet statutory requirements – up to \$25,000.
- Catastrophe cover up to an additional 30% of the building sum insured, for declared natural disasters

What usually isn't covered?

Each policy is different, but generally you **won't be covered**:

- If your home is unoccupied for more than 100 continuous days (90 days for the Listed Event and Base Listed Event wordings).

There are other exclusions which your Steadfast insurance broker can outline for you.

In addition, there is a deductible/excess.

Case study

During the 2017 Northern New South Wales floods, Michael's family home and all its contents were severely damaged by floodwaters. Fortunately, Michael had taken out home insurance.

His Steadfast Direct Home Insurance policy included automatic cover for flood, so it covered the costs of repairing the damage that floodwaters had done to the walls and floors of his home.

It also covered the cost of replacing his furniture and white goods. And, because he and his two children had to move out while his home was being repaired, his policy took care of the costs of living in rental accommodation during this time.
